# ACADEMIC SCHOLARS 

Academic Scholars Program (ASP) 2003-2004 Year-End Report

## Highlights:

- In fall 2003, 231 freshman National Merit Scholars received awards through the program and attended Oklahoma universities. This is an increase of 10 from fall 2002 and compares to only 45 freshman National Merit Scholars that attended Oklahoma institutions in fall 1987 before the program was implemented.
- In fall 2003, 2,078 students at Oklahoma public and private colleges and universities were enrolled in the Academic Scholars Program, an increase of 266 from fall 2002. The 2003 freshman class totaled 620 students- 382 "automatic qualifiers" and 238 Institutional Nominees. This is an increase of $10 \%$ from the fall 2002 freshman class.
- About 20\% of program participants lose the scholarship after one year in the program. Almost 70\% retain the scholarship through their fourth year of eligibility.
- For the 1252 participants entering into the program between 1996-1998, 72\% (906) received at least a baccalaureate degree from an Oklahoma institution.
- About half of the program's students that graduate remain in Oklahoma one year after graduation. This compares to about $77 \%$ of all Oklahoma bachelor degree recipients. The retention rate for Oklahoma residents in the program (59\%) is significantly higher than for nonresidents (22\%). After five years, about $40 \%$ of the Academic Scholar graduates are still in Oklahoma, compared to 60$65 \%$ of all bachelor degree recipients.
- About $80 \%$ of the program participants attend three universities-University of OklahomaNorman/Health Science Center (55\%), Oklahoma State University (20\%) and the University of Tulsa (9\%). The remaining participants attend public regional universities (8\%), public two-year colleges ( $4 \%$ ) and other private universities (4\%). The three largest participating institutions also account for $89 \%$ of the total program expenditures.
- Very few program participants qualified for other need-based financial aid. In 2003-04, about 5\% received an award from the Oklahoma Tuition Aid Grant (OTAG) program; less than $4 \%$ were eligible for the Oklahoma Higher Learning Access Program (OHLAP); and about $13 \%$ were eligible for federal Pell Grants.

## I. History of National Merit Scholars:

* The Academic Scholars Program was established in 1988. For the first year of the program, only public institutions participated. National Merit Scholar participation history has been collected since 1991. This data is based on Fall enrollment for each academic year.

## II. History of Total Program Enrollment:

* Of the 2,078 Academic Scholars for fall $2002,75 \%$ of the participants were Oklahoma residents and $25 \%$ were nonresidents.
III. Academic Scholars Participation Retention Rates:

| Entry Year | 1st Year | 2nd Year | 3rd Year | 4th Year | 5th Year | 6th Year |

## VI. Qualification Profile by Institution:

To automatically qualify for the Academic Scholars Program, Oklahoma residents and nonresidents must have received the designation of National Merit Scholar, National Merit Finalist, or Presidential Scholar. Oklahoma residents may also qualify by achieving a score in the top one-half percentile on the ACT or SAT.

The 1999 Legislature created another avenue by which students can qualify for ASP awards, Institutional Nominees. Applicants may qualify for consideration by public colleges and universities in one of two ways:

1. by having an ACT or SAT score that falls within the 95.0 to 99.49 percentile levels; or
2. by demonstrating exceptional academic achievement as evidenced by a number of factors including grade point average, class rank, national awards, scholastic achievement, and academic honors.

## Qualification Profile for Fall 2003
