## Oklahoma State Regents for Higher Education

## ACADEMIC SCHOLARS

## Academic Scholars Program

(ASP)<br>2004-2005<br>Year-End Report

## Highlights:

- In fall 2004, 239 freshmen National Merit Scholars received awards through the program and attended Oklahoma universities. This is an increase of 8 from fall 2003 and compares to only 45 freshman National Merit Scholars attended that attended Oklahoma institutions in fall 1987 before the program was implemented.
- In fall 2004, 2,026 students at Oklahoma public and private colleges and universities were enrolled in the Academic Scholars Program, a decrease of 52 from fall 2003. The 2004 freshman class totaled 601 students- 367 "automatic qualifiers" and 234 Institutional Nominees. This is a decrease of $3 \%$ from the fall 2003 freshman class.
- Almost $18 \%$ of program participants lose the scholarship after one year in the program. About $71 \%$ retain the scholarship through their fourth year of eligibility.
- For the 1,261 participants entering into the program between 1997-1999, 70\% (887) received at least a baccalaureate degree from an Oklahoma institution.
- About 68\% of the program's graduates remain in Oklahoma one year after graduation. This compares to about 79\% of all Oklahoma bachelor degree recipients based on the latest statewide data. The retention rate for Oklahoma residents in the program (75\%) is significantly higher than for nonresidents (48\%). After five years, about 33\% of the Academic Scholar graduates are still in Oklahoma, compared to $59 \%$ of all bachelor degree recipients.
- About $85 \%$ of the program participants attend three universities-University of Oklahoma (53\%), Oklahoma State University (21\%) and the University of Tulsa (11\%). The remaining participants attend public regional universities (9\%), public two-year colleges (3\%) and other private universities (3\%). The three largest participating institutions also account for almost $90 \%$ of the total program expenditures.
- Few program participants qualified for other need-based financial aid. In 2004-05, about 4\% received an award from the Oklahoma Tuition Aid Grant (OTAG) program; less than $7 \%$ were eligible for the Oklahoma Higher Learning Access Program (OHLAP); and about 12\% were eligible for federal Pell Grants.

## I. History of National Merit Scholars:

* The Academic Scholars Program was established in 1988. For the first year of the program, only public institutions participated. National Merit Scholar participation history has been collected since 1991. This data is based on Fall enrollment for each academic year.

## II. History of Total Program Enrollment:

* Of the 2,026 Academic Scholars for fall 2004, $75 \%$ of the participants were Oklahoma residents and $25 \%$ were nonresidents.

* Based on Oklahoma Employment Security Commission records of employment between April 1, 2004 and June 30, 2005.
** Enrolled any semester during academic year 2004-2005.

## VI. Qualification Profile by Institution:

To automatically qualify for the Academic Scholars Program, Oklahoma residents and nonresidents must have received the designation of National Merit Scholar, National Merit Finalist, or Presidential Scholar. Oklahoma residents may also qualify by achieving a score in the top one-half percentile on the ACT or SAT.

The 1999 Legislature created another avenue by which students can qualify for ASP awards, Institutional Nominees. Applicants may qualify for consideration by public colleges and universities in one of two ways:

1. by having an ACT or SAT score that falls within the 95.0 to 99.49 percentile levels; or
2. by demonstrating exceptional academic achievement as evidenced by a number of factors including grade point average, class rank, national awards, scholastic achievement, and academic honors.

## Qualification Profile for Fall 2004
